Comprehensive Needs Assessment

Needs Assessment Overview

Residential Summary of Strengths

- Renaissance STAR assessments were consistently administered
- Renaissance STAR predicts STAAR scores with approximately 80% accuracy
- Campus CBA data showed that students were learning and retaining information
- Students that were doing well on English CBA's correlated with their performance on Star Renaissance
- The Benchmark data (interim assessments) is predicative of STAAR scores. We have found for that for students who take this assessment seriously and give adequate time and effort; this is about 90% accurate.
- Students are assessed quickly. An individual plan is developed to address needs within the first 10 days of school
- Residential campuses have multi-grade, multi-course classrooms which allows teachers to differentiate activities to fit the needs of individual learners without singling out a student
- Most students report they have never had support the way they do at our campuses; they feel successful and that they are able to learn
- Students state they feel safe in our environment
- Class Dojo reports show a decline in negative behavior
- Students enjoy opportunities to earn incentives
- Students and teachers together, create social contracts. This allows students to have buy-in and results in greater understanding of expectations
- Trauma Informed practices, aligned with SEL and restorative practices, have resulted in higher than previous student engagement
- Permission for flexibility when classroom / community rebuild is necessary
- Staff expectations are aligned with the District Mission and Vision
- Staff participate in the Kazoo App to increase staff appreciation, recognition, and retention
- Recruitment and retention efforts have lowered staff turnover
- Professional Development opportunities are based on teacher and campus need
- SAMA facilitators available to complete on-site training
- Rockdale campus staff is now a certified trainer for CPR
- Some campuses have implemented an assigned mentor for new hires
- Open communication with Director of Academics
- The Journey to Greatness refinement has been easier to articulate to new hires
- Students are administered teacher developed CBA's at the end of each unit
- Most teachers are aligned with the TEKS resource system's scope and sequence
- Executive Director of Special Programs has a wealth of knowledge and is always supportive
- New laptops and Computers On Wheels were distributed to campuses
- Bell County updated Smart Boards
- Teacher and staff laptops are renewed on a 3-year cycle
- Introduction of Senso monitoring technology for increased monitoring and control of online student activity.
- Principals attend Multi-Disciplinary Teams monthly and Probation meetings for students in JDC settings which allows for open communication with facility partners.
- Increased communication with facility partners by Director of Academics and Superintendent
- Overall positive feedback on facility surveys

Residential School Summary of Needs

- Student performance data and other campus information indicate that students who experience high mobility miss instruction which leads to learning gaps, poor foundational skills, and low performance in math and reading/language arts
- Student misbehavior negatively impacts classroom instruction and results in learning gaps and poor performance in academics
- Facility reassignment of misbehaving students in middle school impacts student performance (particularly in science)
- Lack of knowledge pertaining to English foundations (instructional staff and students) continue to retrain and monitor
- Mobility and diversity of students and teachers creates a situation that requires the continuous use of data. District level support needed to capture data and train campus level administrators how to use data for identification, intervention, and progress monitoring
- Multi-grade and multi-subject classrooms added to the fact there is only one content teacher for many schools creates a need for professional dialog and a network for instructional support and planning
- Multi-grade and multi-subject classrooms added to the fact there is only one content teacher for many schools creates a need for long term sustained and intensive professional development, mentorship, and district level support for campuses
- Training on writing platform for all new ELA teachers
- Schedule Reading Academy for all Elementary Reading teachers
- Intervention to support GED students – GED program needed for all JDC's and Residential
- More intentional training for new staff, support from the District level – develop training that addresses the multi-grade level, multi-content classroom. Provide clear expectations so that teachers do not get overwhelmed and quit
- Keep employee portal up-to-date so that communication and forms are correct
- Train all employees in Trauma informed Schools
- Training on de-escalation techniques
- Training on new technology platforms-Contact Edgenuity about further training opportunities to learn how to support low functioning students. Also look for prescribed program for students that do not have access to technology.
- School-wide behavior program with incentives – Class Dojo Training
- Field trips for residential schools, virtual field trips and/or on-site activities for JDC's
- Professional development to enhance remote instruction, classroom management, special populations
- Offer CTE programs at all residenceals – CPR/First Aide, OSHA, Food Handlers
- Provide consistent incentives for showing progress on assessments
- Develop District level CBA's for science and social studies
- Develop district level Investigations with lessons/activities pre-developed across the District that match scope and sequence
- Extra computers at the district level so that staff can have them when theirs breaks. We cannot wait weeks for a teacher to get a loner or replacement
- Computers for all staff. All IA's need computers that can hook up to the smart-boards
- Guidelines for attendance in JDC are in RIS, D/S, or Safety Seclusion
- Teachers would like more collaboration time to work on teaching "craft"- Consider adding in PLC time
- BOY - One on one time with new employees and principal for ease of onboarding
